

Airspace Issues and Photographing Sensitive Areas

- What are the Primary AOIs of concern?
 - MOA, Restricted and Prohibited Areas
- Do the vendors support a collaborative tool to share information
 - What information should be collected (AOI, contact person, comments, etc...)
 - Who should host this information (APFO)?
- Stopgap solutions
 - Satellite, others?
 - Is there a way to be more proactive in response to this issue?
- Are there federal working groups that can support communication and a decision making process for our industry in relation to this issue?
 - What would be the primary discussion points?
